CHISON Ultrasound: Radiology and Vet Event Plan

Singapore, Taiwan, South Korea, Japan | Dec 2026 to Dec 2027 | Version 1, prepared 25 Oct 2026

Prepared for Casper Tan, Senior Regional Sales Manager and Manager KOL Engagement, AstraMed (CHISON Medical Technologies). Objective: find distributors, raise CHISON ultrasound publicity and support KOL engagement. The Excel workbook is the master file; this PDF is the printable copy.

Coverage against your target

Country	Diag target	Diag listed	Diag worth a trip (P1 and P2)	Vet target	Vet listed	Vet clinical only (no pet or general shows)	Vet worth a trip (P1 and P2)	Status
Singapore	10	13	7	10	7	5	5	**Vet SHORT by 3**
Taiwan	10	12	12	10	11	4	5	**Target met on count**
South Korea	10	13	11	10	12	9	7	**Target met on count**
Japan	20	23	17	20	23	19	12	**Target met on count**

Many 2027 dates are not yet published by organisers. Those rows are marked TBC and show only the last edition's pattern. No future date has been invented. Counts include P3 optional events, consumer pet shows and general medtech shows, so read the worth a trip and clinical only columns for the real number. Singapore vet is short because few genuine vet events exist in Singapore. Generic aggregator listings were excluded as low credibility.

The three events to commit to first

- **1. JRC 2027 with ITEM 2027 (Japan, imaging).** 15 to 18 Apr 2027, Pacifico Yokohama. Japan's biggest imaging floor and radiology KOL meeting in one place (ITEM 2026: 153 exhibitors, 18,180 visitors). Siemens, Canon, Fujifilm and GE were seen at recent editions. Cost: not published (JIRA sets terms). Deadline: ITEM exhibitor window not found, so ask JIRA by end of November.
- **2. KIMES 2027 (Korea, dealers).** 18 to 21 Mar 2027, COEX Seoul. Korea's #1 medtech show and the best floor for importer and dealer recruitment. Samsung Medison and GE HealthCare were confirmed at KIMES 2026. Cost: not published. Deadline: booth form not published, so ask Korea E and Ex in November for the early bird rate.
- **3. JCVIM 2027 (Japan, vet).** 19 to 21 Feb 2027, Pacifico Yokohama North. The only vet event on this list with a documented sponsorship path (sponsor recruitment opened 7 Jul 2026). Fujifilm VET Systems exhibited at the last three editions. Cost: tiers on smartconf.jp, fees not retrieved. Deadline: closing date not stated, so assume it is close and ask this month.

Country anchor events

- **Singapore.** SGCR WIRES 2027 with the 14th Asian Congress of Abdominal Radiology, 19 to 22 Aug 2027 (venue to be announced). Vet: confirm Singapore Vet Show dates with CloserStill.
- **Taiwan.** Visit Healthcare+ Expo Taiwan 3 to 6 Dec 2026 as a buyer, then target SUMROC 2027 and TAOG 2027 (both TBC). Vet: AiCVS and AiCVIM Joint Congress, Kaohsiung, 12 to 13 Dec 2026.
- **South Korea.** KIMES 2027 (18 to 21 Mar), KSUM 2027 (May, TBC), KCR 2027 (22 to 25 Sep). Vet: 24th KAHA Conference, COEX Magok, 4 to 6 Jun 2027. Samsung Medison has a training partnership with KAHA.
- **Japan.** JRC and ITEM (15 to 18 Apr), JSUM 100th (28 to 30 May), JSS 52nd (19 to 20 Jun), Medical Japan Osaka (29 Sep to 1 Oct). Vet: JCVIM (Feb), WJVF (31 Jul to 1 Aug), JBVP Annual (25 to 26 Sep).

Do this in the next 30 days

- 1. Korea vet: ask KVECCS for a scanner slot in the POCUS practical at its seminar on 4 to 6 Dec 2026.
- 2. Korea: ask the Korean Association of Clinical Ultrasound about lending scanners to the ISCU 2026 Hands On School, 5 to 6 Dec 2026, COEX Magok.
- 3. Taiwan vet: contact the AiCVS and AiCVIM organisers (aicvs-aicvim2026.tw) about sponsor or imaging session space, event on 12 to 13 Dec 2026 in Kaohsiung.
- 4. Japan vet: ask the JSVDI secretariat if exhibit space remains for 5 to 6 Dec 2026, Fukuoka.
- 5. Taiwan: plan one Kaohsiung trip for 11 to 14 Dec 2026 (Chanchao Pets Show plus AiCVS and AiCVIM), and Taipei for Healthcare+ Expo on 3 to 6 Dec 2026.
- 6. Japan vet: open smartconf.jp/content/jcvim2027/sponsorship and request the sponsor tier list.
- 7. Request 2027 exhibitor guides and prices from: JIRA (ITEM), Korea E and Ex (KIMES), JSUM secretariat, JSS secretariat, CloserStill (Singapore Vet Show), SUMROC, TAOG, KAHA.
- 8. If your diary allows, SUMROC 2026 runs 31 Oct to 1 Nov in Taipei (6 days away, before the window). GE HealthCare Ultrasound, Alpinion and Rotary (Canon agent) support it.

Competitor Headlines

- **Samsung in Korea vet.** Samsung Medison signed an MoU with the Korean Animal Hospital Association (KAHA) in Feb 2026 to build a nationwide Samsung Sono VET Academy ultrasound training network, including a KAHA STARTER basic ultrasound course. Expect a strong Samsung presence at KAHA events. The MoU names no event, so attendance at a specific event is not confirmed.
- **Fujifilm in Japan.** Fujifilm (including Fujifilm VET Systems) is the benchmark: luncheon seminar at JSUM 2026, booth at ITEM 2026, exhibition and luncheon seminars at JCVIM 2024 to 2026 and JBVP 2025.
- **Japan vet dealers.** Shoei Japan is the Japan importer for SonoScape vet models (S6V, A6V, X5V, E2V) and Mindray 6600vet. Mediark, Canon Medtech Supply and Frontier International (livestock) also sell vet ultrasound.
- **Taiwan vet dealers.** Uni Soar (GE vet series), Soarmed (VINNO), Eastech (Esaote) and Getech (Philips cardiac) carry other brands, per their websites. No Taiwan vet distributor for Mindray, Samsung or SonoScape was found.
- **Taiwan human ultrasound.** The SUMROC 2026 annual meeting page shows GE HealthCare Ultrasound, Alpinion and Rotary Trading (Canon Medical agent) logos. ASUS and Daikso showed handheld ultrasound at Healthcare+ Expo 2025.
- **Korea human ultrasound.** KIMES 2026: Samsung Medison and GE HealthCare booths confirmed. KSUM 2026: Canon Medical Korea ran a luncheon symposium. KCR 2026: GE HealthCare ran a luncheon symposium.
- **Mindray and SonoScape.** No public evidence was found of either company exhibiting at the human ultrasound congresses checked in the four markets. Absence in search results is not proof, so check each organiser's exhibitor list.

Honest Gaps And Caveats

- **Counts include optional events.** Counts include P3 optional events, consumer pet shows (Interpets, MEGAZOO, Chanchao, PetExpo, SG Pet Festival) and general medtech shows (Segment = Both). Pet shows are listed because you asked for 10 per country and specialist vet events are scarce, but they are not clinical. The Coverage Summary shows clinical only counts and P1 plus P2 counts so you can see the real number worth a trip. At the time of writing, clinical vet events (no pet or general shows) number about 5 in Singapore, 4 in Taiwan, 9 in South Korea and 19 in Japan.
- **Singapore vet is short.** Only 7 genuine Singapore vet entries were found (target 10). Singapore has one trade focused vet show, two consumer pet expos and a few ultrasound courses. Aggregator listings of generic Singapore vet symposia were checked and excluded as low credibility.
- **Many 2027 dates are TBC.** Societies publish 2027 dates in 2027. Rows marked TBC show the 2026 pattern. Re check each in January and April 2027.
- **Competitor evidence is thin.** Exhibitor lists for 2027 do not exist yet, and many 2026 lists could not be read. Where only the type of event suggests a competitor, the row says Likely or Unverified.
- **Conflicting sources.** JOA 100th: organiser site says 13 to 16 May 2027 Yokohama, one JOA PDF says 15 to 16 Jul 2027 Sapporo. PetExpo Singapore: official site 9 to 11 Apr, some listings 2 to 4 Apr. Singapore Vet Show: organiser says dates TBC, a third party lists 24 to 25 Oct 2026. Busan and Yeongnam vet conference merger: Daegu or Busan Haeundae.
- **Date read from a search summary.** kimes.kr, radiology.or.kr, rsroc.org.tw and expo.taiwan-healthcare.org returned no usable text to my fetch. The KIMES 2027, KCR 2027 and ASCI TRC 2027 dates were read from search extracts of those official pages (KIMES and ASCI TRC are marked Provisional for that reason). A reviewer confirmed the KCR 2027 dates directly on radiology.or.kr, but its venue text is garbled. JBVP dates come from search summaries because jbvp.org blocked my fetch. Re check these on the organiser sites before booking.
- **Left out on purpose.** Medical Fair Asia 2027: an aggregator lists 1 to 3 Sep 2027, but the organiser page shows only the 2026 edition (9 to 11 Sep 2026) and the show has run every second year. Treat as 2028 until the organiser says otherwise. Third party calendars (showsbee, eventseye, 10times) were used to find events, never as proof of a date.
- **Not covered.** KOL name directory and detailed product fit per event. Ask for a v2 with KOL names pulled from congress presidents and course chairs.
- **Singapore Vet Show 2026.** The organiser page says new dates are to be confirmed, but a third party lists 24 to 25 Oct 2026, which is this weekend. If it is running, visit it in person and check its 2027 plans.
- **Research date.** Built on 25 Oct 2026 from organiser pages, press releases and search, then checked by an independent review pass. Verify before booking travel.

How to read the tables

- **Priority.** P1 = must attend: top KOL congress or #1 trade show for the market, with an open vendor path or competitors present. P2 = strong value for a specific specialty. P3 = optional, attend if already in town or a deal requires it.
- **Segment.** Diagnostics (blue), Vet (green), Both (yellow). Both marks general medtech shows where vet distributors also walk the floor. They appear on both tabs and are counted on both.
- **Date Class.** Confirmed = the organiser's own page shows the date (the venue may still be pending). Provisional = a media report or single third party source, an organiser page I could not read directly, conflicting sources, or an unclear listing. TBC = the organiser has not published 2027, and the row shows the last edition's pattern only.
- **Competitor Evidence.** Confirmed = a press release, organiser page or sponsor logo was found for that edition. Partly confirmed = some brands confirmed, others not. Likely = normal for this type of event but not seen. Unverified = no information, and the competitor column then starts with Expected, not verified. Gap (Competitor and Dealer Intel tab only) = searched and nothing found.
- **KOL and Dealer potential.** High, Medium or Low is my judgement of realistic payoff for CHISON, not the prestige of the event.

- **Cost Info.** Exhibitor prices are almost never published. Where blank, request the exhibitor guide from the organiser.

Events starting within 60 days of 25 Oct 2026

Start	Days left	Urgency	Pri	Segment	Country	Event	Deadline and next step
03 Dec 2026	39	**CRITICAL**	**P1**	Both	Taiwan	**Healthcare+ Expo Taiwan 2026** **3 to 6 Dec 2026 | Taipei Nangang Exhibition Center Hall 1 (1F and 4F), Taipei**	Exhibitor sales for 2026 probably closed. Confirm with the organiser. Attend as a visitor. Walk the ultrasound and imaging aisles and collect importer cards. Nearest event on this list.
04 Dec 2026	40	**CRITICAL**	**P1**	Vet	South Korea	**KVECCS Academic Seminar with RECOVER workshop and POCUS ultrasound practice (Korean Veterinary Emergency and Critical Care Society)** **4 to 6 Dec 2026 | Seoul (venue to be confirmed)**	Event is 6 weeks away. Ask the society now for a scanner loan slot. Contact KVECCS this week: offer 3 to 4 scanners for the POCUS practical session.
05 Dec 2026	41	**CRITICAL**	**P2**	Diagnostics	South Korea	**KSE 2026, 61st Korean Society of Echocardiography Autumn Meeting** **5 to 6 Dec 2026 | Grand Walkerhill Seoul, Seoul**	Event is 6 weeks away. Ask the society office now. Ask for visitor access. Note names of the hands on session faculty.
05 Dec 2026	41	**CRITICAL**	**P2**	Diagnostics	South Korea	**ISCU 2026 and 29th Regular Meeting of the Korean Association of Clinical Ultrasound, with Hands On School** **5 to 6 Dec 2026 | COEX Magok, Seoul**	Abstract deadline 30 Oct 2026 (not relevant for vendors). Sponsor terms not found, event is 6 weeks away. Contact KACU this week to ask about equipment loan for the hands on school.
05 Dec 2026	41	**CRITICAL**	**P2**	Vet	Japan	**JSVDI 79th Japanese Society of Veterinary Diagnostic Imaging Meeting** **5 to 6 Dec 2026 | Fukuoka International Congress Center, Fukuoka**	Event is 6 weeks away. Ask the secretariat now for any remaining exhibit space. Request an exhibit slot or visit to meet imaging KOLs. Plan the June 2027 meeting as the booth event.
11 Dec 2026	47	**HIGH**	**P3**	Vet	Taiwan	**Chanchao Kaohsiung Pets Show, December 2026 edition** **11 to 14 Dec 2026 | Kaohsiung Exhibition Center, Kaohsiung**	Closed for exhibitors. Optional. Walk it on 12 Dec if attending AiCVS.
12 Dec 2026	48	**HIGH**	**P2**	Diagnostics	Taiwan	**TSOC Winter Scientific Meeting 2026 (Taiwan Society of Cardiology)** **12 to 13 Dec 2026 | Taipei International Convention Center (TICC), Taipei**	Not published. Event is 7 weeks away. Optional. Attend only if combined with Healthcare+ Expo trip.
12 Dec 2026	48	**HIGH**	**P2**	Diagnostics	Japan	**JSUM Kansai 53rd Regional Meeting and 30th Regional Seminar** **12 Dec 2026 | Osaka International Convention Center, Osaka**	Corporate exhibition terms not found. Event is 7 weeks away, so ask the secretariat this week. Email the secretariat for the exhibitor form. If closed, attend as a visitor and map Kansai KOLs and dealers.
12 Dec 2026	48	**HIGH**	**P1**	Vet	Taiwan	**AiCVS and AiCVIM Joint Congress 2026 (Asian veterinary surgery and internal medicine colleges)** **12 to 13 Dec 2026 | Kaohsiung Exhibition Center, Kaohsiung (venue per host association pages, the congress site names no venue)**	Event is 7 weeks away. Sponsor and exhibitor slots may still be open. Email the organiser (aicvs-aicvim2026.tw) this week. Offer a scanner for the imaging session.
16 Dec 2026	52	**HIGH**	**P3**	Vet	Japan	**Skyvets abdominal ultrasound hands on seminar series (monthly, third Wednesday)** **16 Dec 2026, 20 Jan, 17 Feb, 17 Mar 2027 | Not stated (online imaging service with hands on)**	Registration per session. Ask Skyvets which scanners are used.
18 Dec 2026	54	**HIGH**	**P2**	Vet	Japan	**JSVAS 113th Japanese Society of Veterinary Anesthesia and Surgery Meeting** **18 to 20 Dec 2026 | Congress Square Grand Green Osaka, Osaka**	Event is 8 weeks away. Ask the secretariat now. Visit or exhibit if a Kansai vet dealer partner is in place.

Diagnostics and radiology events, Dec 2026 to Dec 2027

Singapore: 13 listed (target 10)

Pri	Event	Dates	City and venue	Why it matters for CHISON	Competitors and evidence	Dealers to meet	Deadline and next step
P3	**Singapore LIVE 2027 (National Heart Centre Singapore)** Diagnostics KOL Medium | Dealer Low Live case course	**28 to 30 Jan 2027** Confirmed Confirmed per organiser page	Singapore (venue not stated)	Cardiology KOLs at NHCS. Interventional focus, so ultrasound relevance is limited. Scale: Not published	Expected, not verified: Philips, GE HealthCare, Abbott expected. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Optional. Contact NHCS only if a cardiology KOL is on the target list. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**SSR 10th Annual Scientific Meeting (Singapore Society of Radiographers)** Diagnostics KOL Medium | Dealer Medium Society annual meeting	**2 to 3 Apr 2027** Provisional Listed by the society. Location and theme to be confirmed	Singapore (to be confirmed)	Radiographers and sonographers who evaluate ultrasound in public hospitals. Scale: Not published	Brands normally active in Singapore (market knowledge, not verified per event): Philips, GE HealthCare, Siemens Healthineers, Canon Medical, Samsung Medison, Mindray, SonoScape. No event specific exhibitor list found. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. Society page age looks stale, so verify. **Next:** Email SSR to confirm the date and sponsor options. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**SingHealth Academy Basic POCUS Workshop, session 1** Diagnostics KOL High | Dealer Low CME course	**7 May 2027** Provisional Provisional. Course page lists both sessions but its date format is unclear, verify	Academia, 20 College Road, Singapore	Residents in emergency, internal medicine and anaesthesia train here. Scanner supply for hands on is a practical opening for SonoEye and SonoAir. Scale: Small class	Training equipment supplier not stated. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Registration closes before each session. **Next:** Contact SingHealth Academy to ask who supplies the scanners and whether CHISON can lend units. Cost: Participant fee S$420 incl GST.
P2	**NYSORA Regional Anesthesia Conference Singapore 2027** Diagnostics KOL High | Dealer Medium Hands on conference	**8 to 9 May 2027** Confirmed Confirmed per organiser listing	Singapore (venue not stated)	Hands on ultrasound nerve block training. Handheld and portable ultrasound fit. Sponsor tables are common at NYSORA courses. Scale: Hands on course, under 300 (est.)	Expected, not verified: Fujifilm Sonosite, GE HealthCare (Vscan), Butterfly typical at NYSORA events. Unverified for this event. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Ask NYSORA for the industry sponsor pack. A scanner loan for the workshop is the cheapest option. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**Asia Healthcare Week 2027 (IQPC)** Diagnostics KOL Low | Dealer Medium Conference	**25 to 28 May 2027** Provisional Listed by an aggregator	Singapore (venue not found)	Hospital planners and administrators. Useful for contacts, light on ultrasound. Scale: Not published	Not documented. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Optional. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**HealthTechX Asia 2027 (3rd edition)** Diagnostics KOL Low | Dealer Low Digital health trade show	**9 to 10 Jun 2027** Provisional Listed on organiser and 10times pages	Sands Expo and Convention Centre, Marina Bay Sands, Singapore	Digital health. AI ultrasound software partners rather than distributors. Scale: Over 90 exhibitors (organiser)	Not relevant for ultrasound OEMs. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Skip unless AI partnerships are in scope. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**Smart Health Asia 2027** Diagnostics KOL Low | Dealer Low Digital health trade show	**7 to 8 Jul 2027** Provisional Listed by organiser (Messe Berlin Singapore)	Sands Expo and Convention Centre, Singapore	Digital health; small imaging share. Scale: 150+ exhibitors, 5,000+ visitors (organiser claim)	Not relevant for ultrasound OEMs. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Skip. Cost: Not published. Request the exhibitor guide from the organiser.

P3	**UROFAIR 2027 (Singapore Urological Association)** Diagnostics KOL Medium | Dealer Low Society meeting with fair	**15 to 17 Jul 2027** Confirmed Confirmed per society page	Grand Copthorne Waterfront Hotel, Singapore	Urology ultrasound (prostate, bladder). Small but easy to approach. Scale: Not published	Brands normally active in Singapore (market knowledge, not verified per event): Philips, GE HealthCare, Siemens Healthineers, Canon Medical, Samsung Medison, Mindray, SonoScape. No event specific exhibitor list found. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Optional. Ask SUA for the exhibitor prospectus. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**APICS 2027, Asia Pacific Intensive Care Symposium** Diagnostics KOL High | Dealer Medium Regional symposium	**18 to 23 Aug 2027** Provisional Provisional. Listed by an aggregator only. The six day span looks too long and overlaps SGCR week, so it is likely an aggregator error. Verify with the organiser	Singapore EXPO (per listing)	ICU physicians use POCUS and echo daily. Handheld and portable systems fit. Scale: Not published	Expected, not verified: GE HealthCare, Philips, Fujifilm Sonosite typical. Unverified. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Confirm dates with the organiser before planning. Cost: Not published. Request the exhibitor guide from the organiser.
P1	**ACAR SGCR WIRES 2027 (Asian Congress of Abdominal Radiology with the Singapore Congress of Radiology and WIRES)** Diagnostics KOL High | Dealer High National and Asian congress	**19 to 22 Aug 2027** Confirmed Dates confirmed on organiser site. Venue to be announced	Singapore (venue not yet announced). The 2026 edition was at Singapore EXPO	Singapore's top radiology congress (35th meeting per the organiser welcome page), joined by the 14th Asian abdominal radiology congress. Regional KOLs come to Singapore, so one trip covers ASEAN and North Asia. Abdominal ultrasound and elastography are core topics. Scale: Not published	Brands normally active in Singapore (market knowledge, not verified per event): Philips, GE HealthCare, Siemens Healthineers, Canon Medical, Samsung Medison, Mindray, SonoScape. No event specific exhibitor list found. Evidence: Unverified. 2026 AOCR plus SGCR exhibitor list not retrieved.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Exhibitor prospectus not published. Ask the secretariat from Jan 2027. **Next:** Priority 1 in Singapore. Request the prospectus and plan a regional distributor meeting around it. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**SingHealth Academy Basic POCUS Workshop, session 2** Diagnostics KOL High | Dealer Low CME course	**10 Sep 2027** Provisional Provisional. Course page lists both sessions but its date format is unclear, verify	Academia, 20 College Road, Singapore	Residents in emergency, internal medicine and anaesthesia train here. Scanner supply for hands on is a practical opening for SonoEye and SonoAir. Scale: Small class	Training equipment supplier not stated. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Registration closes before each session. **Next:** Contact SingHealth Academy to ask who supplies the scanners and whether CHISON can lend units. Cost: Participant fee S$420 incl GST.
P3	**IEEE International Ultrasonics Symposium 2027** Diagnostics KOL Low | Dealer Low Engineering symposium	**12 to 15 Sep 2027** Confirmed Confirmed per IEEE listing	Singapore (venue not named)	Engineering audience. Awareness of competitor technology, not a sales event. Scale: Not published	Ultrasound OEM engineers. Evidence: Unverified. Exhibitor list not published.	Not applicable.	Not published. **Next:** Awareness only. Cost: Not published. Request the exhibitor guide from the organiser.
P1	**Singapore Health and Biomedical Congress (SHBC) 2027** Diagnostics KOL High | Dealer High National healthcare congress with exhibition	**Oct 2027 (not published)** TBC TBC. Annual pattern: early October (2026: 8 to 9 Oct, 2025: 9 to 10 Oct at Singapore EXPO)	Singapore EXPO (venue of recent editions)	Largest multi specialty healthcare meeting in Singapore, run by NHG Health (National Healthcare Group) per its site. KOLs and procurement staff of public hospitals attend. Scale: Not published	Brands normally active in Singapore (market knowledge, not verified per event): Philips, GE HealthCare, Siemens Healthineers, Canon Medical, Samsung Medison, Mindray, SonoScape. No event specific exhibitor list found. Evidence: Unverified. Exhibitor list not published.	Singapore distributors and regional ASEAN distributors who attend Singapore congresses.	Not published. **Next:** Check shbc.com.sg after the 2026 edition for the 2027 call for exhibitors. Cost: Delegate day pass SGD 180 (2026). Exhibitor cost not published.

Taiwan: 12 listed (target 10)

Pri	Event	Dates	City and venue	Why it matters for CHISON	Competitors and evidence	Dealers to meet	Deadline and next step
P1	**Healthcare+ Expo Taiwan 2026** Both · KOL Medium | Dealer High Trade exhibition	**3 to 6 Dec 2026** Confirmed Confirmed	Taipei Nangang Exhibition Center Hall 1 (1F and 4F), Taipei	Taiwan's largest healthcare expo. Importers, hospital buyers and KOLs attend. The only large Taiwan show inside the first month of the window. Scale: Third party: 650+ exhibitors; 130,000 to 150,000 visitors (est.)	Confirmed at the 2025 edition: ASUS (handheld ultrasound LU800 and EchoLab) and Daikso (portable ultrasound AI). Big five brands not found in the search. Official 2026 exhibitor list is on the expo site. Evidence: Partly confirmed. Large brand presence unverified.	Rotary Trading (Canon Medical agent) is a known ultrasound dealer. Other Taiwan importers to scout at the show floor.	Exhibitor sales for 2026 probably closed. Confirm with the organiser. **Next:** Attend as a visitor. Walk the ultrasound and imaging aisles and collect importer cards. Nearest event on this list. Cost: Not published.
P2	**TSOC Winter Scientific Meeting 2026 (Taiwan Society of Cardiology)** Diagnostics · KOL High | Dealer Low Society scientific meeting	**12 to 13 Dec 2026** Confirmed Confirmed	Taipei International Convention Center (TICC), Taipei	Cardiology KOL access in Taipei. Scale: Not published	Expected, not verified: GE HealthCare, Philips, Canon expected. Evidence: Unverified.	Rotary Trading (Canon Medical agent) is a known ultrasound dealer. Other Taiwan importers to scout at the show floor.	Not published. Event is 7 weeks away. **Next:** Optional. Attend only if combined with Healthcare+ Expo trip. Cost: Not published. Request the exhibitor guide from the organiser.
P1	**ASCI 2027 and TRC 2027 (Radiological Society of the ROC annual meeting)** Diagnostics KOL High | Dealer Medium National congress with Asian cardiovascular imaging society	**18 to 21 Mar 2027** Provisional Reported in the RSROC annual schedule (read through a search extract, site blocked my fetch). Verify	NTUH International Convention Center, Taipei	Taiwan's top radiology meeting. TRC 2026 was at Kaohsiung Exhibition Center in April. Scale: Not published	Expected, not verified: GE HealthCare, Philips, Canon Medical (agent: Rotary Trading), Alpinion, Samsung Medison, Siemens Healthineers. Mindray and SonoScape: no Taiwan exhibitor evidence found. Evidence: Unverified.	Rotary Trading (Canon Medical agent) is a known ultrasound dealer. Other Taiwan importers to scout at the show floor.	Not published. Ask RSROC secretariat (02 25865331). **Next:** Request the exhibitor guide. KOL meetings with radiologists. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**TAOG 66th Annual Congress 2027 (Taiwan Association of Obstetrics and Gynecology)** Diagnostics · KOL High | Dealer High Society congress	**Late Mar 2027 (not published)** TBC TBC. Annual pattern: late March (65th was 28 to 29 Mar 2026 at TICC)	Taipei International Convention Center (TICC) expected	OB/GYN ultrasound buyers. TAOG publishes a vendor exhibition registration form each year, so there is a documented booth path. Scale: Not published	Expected, not verified: GE HealthCare, Samsung Medison, Philips, Alpinion expected. Evidence: Unverified.	Rotary Trading (Canon Medical agent) is a known ultrasound dealer. Other Taiwan importers to scout at the show floor.	2024 exhibitor registration form was published; the 2027 form should appear around late 2026. **Next:** Watch taog.org.tw and email the secretariat in November. Cost: Not published (registration form exists).
P2	**Taiwan Association of Radiological Technologists 60th Annual Meeting 2027** Diagnostics KOL Medium | Dealer Medium Society annual meeting	**March 2027 (not published)** TBC TBC. Annual pattern: March (59th was March 2026 at Kaohsiung Exhibition Center)	Rotating city	Daily users who influence purchases. Scale: Not published	Expected, not verified: GE HealthCare, Philips, Canon Medical (agent: Rotary Trading), Alpinion, Samsung Medison, Siemens Healthineers. Mindray and SonoScape: no Taiwan exhibitor evidence found. Evidence: Unverified.	Rotary Trading (Canon Medical agent) is a known ultrasound dealer. Other Taiwan importers to scout at the show floor.	Not published. **Next:** Search for the official notice in January. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**TSOC Annual Meeting 2027 (Taiwan Society of Cardiology)** Diagnostics · KOL High | Dealer Low Society annual meeting	**May 2027 (not published)** TBC TBC. Annual pattern: May (2026 was 15 to 17 May at TICC and WTC Hall 1A)	Taipei (TICC expected)	Largest Taiwan cardiology meeting. Scale: Large	Expected, not verified: GE HealthCare, Philips, Canon expected. Evidence: Unverified.	Rotary Trading (Canon Medical agent) is a known ultrasound dealer. Other Taiwan importers to scout at the show floor.	Not published. **Next:** Optional. Check tsoc.org.tw in early 2027. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**Taiwan Society of Emergency Medicine Annual Meeting 2027** Diagnostics KOL Medium | Dealer Medium Society annual meeting	**June 2027 (not published)** TBC TBC. Annual pattern: June (2026 was 26 to 27 Jun at NTUH)	Taipei (NTUH expected)	Handheld and portable ultrasound buyers. Scale: Not published	Expected, not verified: GE HealthCare (Vscan), Philips (Lumify), Butterfly expected. Evidence: Unverified.	Rotary Trading (Canon Medical agent) is a known ultrasound dealer. Other Taiwan importers to scout at the show floor.	Not published. **Next:** Check sem.org.tw in spring 2027. Cost: Not published. Request the exhibitor guide from the organiser.

Pattern: October (2026 is 8 to 11 Oct)	Taipei Nangang Exhibition Center, Taipei	Cat owners and cat product makers. Scale: Not published	Not documented. Evidence: Unverified. Exhibitor list for this edition is not published.	Pet industry suppliers.	Not published. **Next:** Optional. Cost: Not published.

South Korea: 12 listed (target 10)

Pri	Event	Dates	City and venue	Why it matters for CHISON	Competitors and evidence	Dealers to meet	Deadline and next step
P1	**KVECCS Academic Seminar with RECOVER workshop and POCUS ultrasound practice (Korean Veterinary Emergency and Critical Care Society)** Vet KOL High | Dealer Medium Society seminar with hands on workshops	**4 to 6 Dec 2026** Provisional Reported by Daily Vet (media headline). Venue not stated. Past seminars were at Yuhan Corporation HQ, Seoul	Seoul (venue to be confirmed)	Hands on POCUS ultrasound practice for vets, a direct route to put CHISON probes in practitioners' hands. First vet event inside the window. Scale: Hundreds (est.)	Samsung Medison is the main Korean vet ultrasound competitor (Feb 2026 MoU with KAHA for a Samsung Sono VET Academy training network, not tied to this event). Presence at this event: unverified. Mindray and SonoScape vet: no Korean evidence found. Evidence: Unverified. Exhibitor list for this edition is not published.	Korean vet equipment importers and Samsung Medison's vet channel. Dealer names not found in public sources. Collect importer cards at KAHA and Seoul conferences.	Event is 6 weeks away. Ask the society now for a scanner loan slot. **Next:** Contact KVECCS this week: offer 3 to 4 scanners for the POCUS practical session. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**KIMES 2027 (general medtech show, vet distributors attend)** Both KOL Low | Dealer High Trade exhibition	**18 to 21 Mar 2027** Provisional Reported on the official site listing (read through a search extract). Third party listings agree. Re check on kimes.kr	COEX Halls, Seoul	Korean vet equipment importers walk KIMES. See the Diagnostics tab for the full entry. Scale: About 1,500 booths (2026, media)	Samsung Medison confirmed at KIMES 2026 (human ultrasound). Vet booth presence not documented. Evidence: Confirmed for Samsung (human range).	Korean vet equipment importers and Samsung Medison's vet channel. Dealer names not found in public sources. Collect importer cards at KAHA and Seoul conferences.	Booth dates not found. **Next:** Use the visit to collect vet importer contacts. Cost: Not published.
P2	**Seoul Veterinary Clinical Conference, Spring 2027 (Seoul Veterinary Medical Association)** Vet KOL Medium | Dealer High Practitioner conference with exhibition	**Late Mar 2027 (not published)** TBC TBC. Annual pattern: late March (2026 was 28 to 29 Mar at Sejong University Convention Center)	Sejong University Convention Center, Seoul (2026 venue)	Seoul clinic owners who buy equipment. Exhibitors reported that booth visitors are mostly junior vets, so target the clinic director sessions. Scale: Hundreds to low thousands (est.)	Samsung Medison is the main Korean vet ultrasound competitor (Feb 2026 MoU with KAHA for a Samsung Sono VET Academy training network, not tied to this event). Presence at this event: unverified. Mindray and SonoScape vet: no Korean evidence found. Evidence: The Samsung and KAHA MoU is confirmed (Korea Biomedical Review, Feb 2026). Presence at this event is unverified.	Korean vet equipment importers and Samsung Medison's vet channel. Dealer names not found in public sources. Collect importer cards at KAHA and Seoul conferences.	Not published. Check svma.or.kr from January. **Next:** Request the exhibitor guide in January. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**Korean Society of Veterinary Science (KSVS) Spring Meeting 2027** Vet KOL Medium | Dealer Low Academic meeting	**Apr 2027 (not published)** TBC TBC. Annual pattern: April (2026 was 23 Apr at Hotel Intercity)	Seoul area (2026 venue)	Academic audience and university vet hospitals. Useful for KOL links. Scale: Hundreds (est.)	Not documented. Evidence: Unverified. Exhibitor list for this edition is not published.	Low.	Not published. **Next:** Optional. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**Korean Society of Veterinary Surgery regular meeting and academic session 2027** Vet KOL Medium | Dealer Low Society meeting	**Spring 2027 (not published)** TBC TBC. Pattern: spring (2026 was 5 Apr at Seoul National University Schofield Hall)	Seoul National University College of Veterinary Medicine (2026 venue)	Surgeon KOLs at university hospitals. Scale: Small	Not documented. Evidence: Unverified. Exhibitor list for this edition is not published.	Low.	Not published. **Next:** Optional. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**MEGAZOO 2027 Season 1 (KINTEX, Ilsan)** Vet KOL Low | Dealer Medium Pet industry show (consumer and trade)	**Late May 2027 (not published)** TBC TBC. Two seasons a year (2026 Season 1 was 29 to 31 May)	KINTEX, Goyang, Gyeonggi	Largest Korean pet show: about 500 brands. Not clinical, but animal hospital owners and pet product distributors attend. Scale: 2025: over 50,000 visitors (press)	Not documented. Evidence: Unverified. Exhibitor list for this edition is not published.	Pet industry distributors.	Not published. **Next:** Optional dealer scouting visit. Cost: Not published.

P1	**24th KAHA Conference with KSVC Spring Meeting 2027 (Korean Animal Hospital Association and Korean Society of Veterinary Clinics)** Vet · KOL High | Dealer High Practitioner congress with hands on training	**4 to 6 Jun 2027** Provisional Reported by Daily Vet (media, Oct 2026). Verify on the KAHA site	COEX Magok, Seoul	The main Korean small animal practitioner congress. At the Oct 2026 joint edition in Gyeongju the hands on cardiac ultrasound and anaesthesia sessions were already fully booked (Daily Vet). Samsung Medison has a training partnership with KAHA, so expect it to be strong here. Still the best place to meet clinic owners and importers. Scale: KSVC meeting received about 250 abstracts (Daily Vet)	Samsung Medison: signed a training partnership with KAHA in Feb 2026 (Samsung Sono VET Academy, KAHA STARTER ultrasound course), so a strong presence is likely. Presence at this conference is not yet confirmed. Mindray and SonoScape vet: no Korean evidence found. Evidence: The Samsung and KAHA MoU is confirmed. Event presence is unverified.	Korean vet equipment importers and Samsung Medison's vet channel. Dealer names not found in public sources. Collect importer cards at KAHA and Seoul conferences.	Exhibitor terms not found. Joint organising committee formed Oct 2026, so call the KAHA secretariat in November. **Next:** Priority 1 for Korea vet. Ask KAHA for exhibitor tiers and whether an independent hands on station is possible next to Samsung. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**Seoul Veterinary Clinical Conference, Autumn 2027 (Seoul Veterinary Medical Association)** Vet · KOL Medium | Dealer High Practitioner conference with exhibition	**Sep 2027 (not published)** TBC TBC. Annual pattern: September (2026 was 19 to 20 Sep, Sejong University)	Sejong University Convention Center, Seoul (2026 venue)	Second Seoul clinic owner conference of the year. Scale: Hundreds to low thousands (est.)	Samsung Medison is the main Korean vet ultrasound competitor (Feb 2026 MoU with KAHA for a Samsung Sono VET Academy training network, not tied to this event). Presence at this event: unverified. Mindray and SonoScape vet: no Korean evidence found. Evidence: The Samsung and KAHA MoU is confirmed (Korea Biomedical Review, Feb 2026). Presence at this event is unverified.	Korean vet equipment importers and Samsung Medison's vet channel. Dealer names not found in public sources. Collect importer cards at KAHA and Seoul conferences.	Not published. **Next:** Decide after the spring edition. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**Second KAHA, KSVC and Yeongnam joint veterinary conference 2027 (Yeongnam region)** Vet · KOL Medium | Dealer High Practitioner congress, expo style	**H2 2027, likely Aug to Oct (not published)** TBC TBC. Reports conflict: Daegu (Yeongnam Conference) and Busan Haeundae (merged Busan and Yeongnam conference). First joint event was 17 to 18 Oct 2026 at Gyeongju	Daegu or Busan (conflicting reports)	Southeast Korea clinic owners. The organisers are rebuilding the event as an expo to link vendors with clinics, citing VMX as a model, and will expand hands on ultrasound practice. Exhibitors can run product demos and practicals. Scale: Not published	Samsung Medison is the main Korean vet ultrasound competitor (Feb 2026 MoU with KAHA for a Samsung Sono VET Academy training network, not tied to this event). Presence at this event: unverified. Mindray and SonoScape vet: no Korean evidence found. Evidence: The Samsung and KAHA MoU is confirmed (Korea Biomedical Review, Feb 2026). Presence at this event is unverified.	Korean vet equipment importers and Samsung Medison's vet channel. Dealer names not found in public sources. Collect importer cards at KAHA and Seoul conferences.	Not published. **Next:** Ask the organisers about vendor hands on slots; this is an opening for an independent ultrasound practical. Cost: Not published. Request the exhibitor guide from the organiser.
P2	**Gyeonggi North Veterinary Conference 2027 with Korean Society of Veterinary Cardiology (KINTEX)** Vet · KOL Medium | Dealer Medium Regional practitioner conference	**Nov 2027 (not published)** TBC TBC. Annual pattern: early November (2026 was 7 to 8 Nov at KINTEX Ilsan)	KINTEX, Ilsan, Gyeonggi	Northern Gyeonggi practitioners. Held with the cardiology society, so cardiac ultrasound users attend. Scale: Not published	Samsung Medison is the main Korean vet ultrasound competitor (Feb 2026 MoU with KAHA for a Samsung Sono VET Academy training network, not tied to this event). Presence at this event: unverified. Mindray and SonoScape vet: no Korean evidence found. Evidence: Unverified. Exhibitor list for this edition is not published.	Korean vet equipment importers and Samsung Medison's vet channel. Dealer names not found in public sources. Collect importer cards at KAHA and Seoul conferences.	Not published. **Next:** Check dailyvet.co.kr in summer 2027. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**MEGAZOO 2027 Season 2 (KINTEX, Ilsan)** Vet · KOL Low | Dealer Medium Pet industry show (consumer and trade)	**Nov 2027 (not published)** TBC TBC. 2026 Season 2 is 20 to 22 Nov	KINTEX, Goyang, Gyeonggi	Second MEGAZOO of the year. Scale: See Season 1	Not documented. Evidence: Unverified. Exhibitor list for this edition is not published.	Pet industry distributors.	Not published. **Next:** Optional. Cost: Not published.
P3	**Korean Society of Veterinary Science (KSVS) Autumn International Meeting 2027** Vet · KOL Medium | Dealer Low Academic international meeting	**Nov 2027 (not published)** TBC TBC. Annual pattern: early November (2026 is 1 to 3 Nov at Jeju ICC)	Rotating city (2026: Jeju)	Academic. Scale: Hundreds (est.)	Not documented. Evidence: Unverified. Exhibitor list for this edition is not published.	Low.	Not published. **Next:** Optional. Cost: Not published. Request the exhibitor guide from the organiser.

Japan: 23 listed (target 20)

Pri	Event	Dates	City and venue	Why it matters for CHISON	Competitors and evidence	Dealers to meet	Deadline and next step
P2	**JSVDI 79th Japanese Society of Veterinary Diagnostic Imaging Meeting** Vet · KOL High | Dealer Medium Society scientific meeting (twice a year)	**5 to 6 Dec 2026** Confirmed Confirmed	Fukuoka International Congress Center, Fukuoka	The imaging society. Veterinary ultrasound specialists are the KOLs who set brand preference. The 78th meeting offered exhibit slots to vendors. Scale: Several hundred (est.)	Expected, not verified: Fujifilm VET Systems (market leader, wireless echo), Canon Medtech Supply (vet ultrasound), Mediark. SonoScape and Mindray vet models are imported by Shoei Japan. Samsung: no Japan vet distributor found. Evidence: Likely. The 78th meeting (Jun 2026) sold exhibits, vendors not named.	Shoei Japan (importer of SonoScape S6V, A6V, X5V, E2V and Mindray 6600vet), Mediark, Nittoku Medical, Frontier International (livestock ultrasound). Approach these as competitor dealers who may take a second brand.	Event is 6 weeks away. Ask the secretariat now for any remaining exhibit space. **Next:** Request an exhibit slot or visit to meet imaging KOLs. Plan the June 2027 meeting as the booth event. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**Skyvets abdominal ultrasound hands on seminar series (monthly, third Wednesday)** Vet · KOL Medium | Dealer Low Commercial CME course	**16 Dec 2026, 20 Jan, 17 Feb, 17 Mar 2027** Confirmed Confirmed (dates published for Oct 2026 to Mar 2027)	Not stated (online imaging service with hands on)	Beginner vets learn ultrasound here. Equipment supply to these courses would put CHISON probes in new users' hands. Scale: Small classes	Training device supplier not stated. Evidence: Unverified. Exhibitor list for this edition is not published.	Not applicable.	Registration per session. **Next:** Ask Skyvets which scanners are used. Cost: Not retrieved.
P2	**JSVAS 113th Japanese Society of Veterinary Anesthesia and Surgery Meeting** Vet · KOL Medium | Dealer Medium Society scientific meeting (with the 31st Veterinary Endoscopic Surgery meeting)	**18 to 20 Dec 2026** Confirmed Confirmed	Congress Square Grand Green Osaka, Osaka	Ultrasound guided blocks and intra operative scanning. Surgeons choose portable ultrasound for theatre. Scale: Several hundred (est.)	Expected, not verified: Fujifilm VET Systems (market leader, wireless echo), Canon Medtech Supply (vet ultrasound), Mediark. SonoScape and Mindray vet models are imported by Shoei Japan. Samsung: no Japan vet distributor found. Evidence: Unverified. Exhibitor list for this edition is not published.	Shoei Japan (importer of SonoScape S6V, A6V, X5V, E2V and Mindray 6600vet), Mediark, Nittoku Medical, Frontier International (livestock ultrasound). Approach these as competitor dealers who may take a second brand.	Event is 8 weeks away. Ask the secretariat now. **Next:** Visit or exhibit if a Kansai vet dealer partner is in place. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**Japanese Veterinary Cancer Society 35th Meeting** Vet · KOL Medium | Dealer Low Society scientific meeting	**30 to 31 Jan 2027** Confirmed Confirmed	Hotel New Otani Osaka, Osaka	Oncology specialists use ultrasound for staging and guided biopsy. Scale: Several hundred (est.)	Expected, not verified: Fujifilm VET Systems (market leader, wireless echo), Canon Medtech Supply (vet ultrasound), Mediark. SonoScape and Mindray vet models are imported by Shoei Japan. Samsung: no Japan vet distributor found. Evidence: Unverified. Exhibitor list for this edition is not published.	Shoei Japan (importer of SonoScape S6V, A6V, X5V, E2V and Mindray 6600vet), Mediark, Nittoku Medical, Frontier International (livestock ultrasound). Approach these as competitor dealers who may take a second brand.	Not published. **Next:** Optional. Attend if an Osaka dealer meeting is booked. Cost: Not published. Request the exhibitor guide from the organiser.
P1	**JCVIM 2027, 23rd Japanese College of Veterinary Internal Medicine Annual Meeting** Vet · KOL High | Dealer Medium Academic congress with company exhibition and luncheon seminars	**19 to 21 Feb 2027** Confirmed Confirmed	Pacifico Yokohama North, Yokohama	Internal medicine specialists are heavy ultrasound users. A documented sponsorship path exists, which makes this the best vet booth event in Japan. Scale: About 1,500 to 2,000 (est.)	Confirmed: Fujifilm VET Systems and Fujifilm Healthcare exhibited and ran seminars at JCVIM 2024, 2025 and 2026. Others not found. Evidence: Confirmed for Fujifilm (prior editions).	Shoei Japan (importer of SonoScape S6V, A6V, X5V, E2V and Mindray 6600vet), Mediark, Nittoku Medical, Frontier International (livestock ultrasound). Approach these as competitor dealers who may take a second brand.	Sponsor recruitment opened 7 Jul 2026. Closing date not stated, so assume it is close. **Next:** Open smartconf.jp/content/jcvim2027/sponsorship now and request the tier list. Decide in November. Cost: Sponsorship tiers on smartconf.jp. Fees not retrieved.

P2	**JVMA 44th Veterinary Academic Society Annual Meeting (Japan Veterinary Medical Association)** Vet · KOL Medium | Dealer Medium National veterinary society meeting	**27 to 28 Feb 2027** Confirmed Confirmed per JVMA magazine	Azabu University, Sagamihara, Kanagawa	Nationwide practitioner audience including livestock vets who use ultrasound for pregnancy checks. Scale: Thousands (est.)	Expected, not verified: Fujifilm VET Systems (cattle wireless echo). Others unverified. Evidence: Likely.	Shoei Japan (importer of SonoScape S6V, A6V, X5V, E2V and Mindray 6600vet), Mediark, Nittoku Medical, Frontier International (livestock ultrasound). Approach these as competitor dealers who may take a second brand.	Not published. **Next:** Check JVMA site for exhibitor guide in autumn. Cost: Not published. Request the exhibitor guide from the organiser.
P3	**JBVP Nagoya Regional Meeting (7th)** Vet · KOL Low | Dealer Medium Regional practitioner forum	**28 Feb 2027** Confirmed Confirmed per JBVP site (read through a search extract, my direct fetch was blocked)	Wink Aichi (Aichi Industry and Labor Center), Nagoya	Chubu region vet practitioners and dealers. Competitor and local dealer intelligence

Market	Segment	Company	Role	What was found	Evidence	So what for CHISON
Japan	Both	**Fujifilm (incl. Fujifilm VET Systems)**	Competitor, domestic leader (ex Hitachi ultrasound)	Luncheon seminar at JSUM 2026. Booth guide for ITEM 2026. Exhibition and luncheon seminar at JCVIM 2024, 2025 and 2026 and JBVP 2025. Runs vet wireless echo webinars. Seen: JSUM, ITEM, JCVIM, JBVP	Confirmed	Fujifilm is the benchmark in both segments. Parity at JSUM or JCVIM means a luncheon seminar, not just a booth.
Japan	Diagnostics	**Canon Medical**	Competitor	Exhibited AI imaging at ITEM 2026 (JIRA report). Canon Medtech Supply sells vet ultrasound. Seen: ITEM 2026	Confirmed	Expect Canon at JRC and ITEM 2027.
Japan	Diagnostics	**Siemens Healthineers**	Competitor	Lists ultrasound among ITEM 2026 exhibits. Seen: ITEM 2026	Confirmed	Premium segment, not a direct rival for CHISON.
Japan	Diagnostics	**GE HealthCare**	Competitor	Event PDF for ITEM 2025. The label GEHC also appears in the JSUM99 programme listing (role not confirmed). Seen: ITEM 2025, JSUM 2026	Confirmed (ITEM). Partial (JSUM)	Expect GE at JRC and ITEM 2027.
Japan	Diagnostics	**Philips Japan**	Competitor	Co hosted the 49th JSS meeting (Jul 2024) and had a device exhibition. Seen: JSS 49th	Confirmed (2024)	The sonographer society is a Philips stronghold. Expect it at JSS 52nd.
Japan	Diagnostics	**Samsung Medison**	Competitor	Entered Japan in 2017 through Hitachi (HS40, from 33 million yen). No 2025 or 2026 Japan launch found. Seen: n/a	Confirmed (2017). Current status unverified	Low direct threat in Japan today. Verify current channel.
Japan	Diagnostics	**Mindray and SonoScape (human)**	Competitor	No Japanese distributor or event exhibit found in searches. Seen: n/a	Gap	Possible whitespace, but also a sign dealers may be hard to find. Check PMDA registrations and Japan_Distributor_List_Human_v1.xlsx.
Japan	Vet	**Shoei Japan**	Competitor dealer	Listed as Japan general importer for SonoScape vet (S6V, A6V, X5V, E2V), Mindray 6600vet and HUGER vet ultrasound. Seen: Company product page	Confirmed (company page)	The direct benchmark dealer. Approach only if you accept channel conflict risk.
Japan	Vet	**Mediark**	Competitor dealer	Sells portable vet echo and offers imaging support to animal hospitals. Seen: Company website	Confirmed (website)	Possible dealer for a second brand.
Japan	Vet	**Frontier International**	Dealer (livestock)	Livestock ultrasound catalogue for pig and cattle farms. Seen: Company website	Confirmed (website)	Livestock dealer, relevant to large animal scanners.
South Korea	Both	**Samsung Medison**	Competitor, home market leader	KIMES 2026: One Platform, V4, EVO Q10. KSOG 111th congress page lists Samsung in the Gold tier (read from image file names). Feb 2026 MoU with KAHA for Samsung Sono VET Academy and KAHA STARTER ultrasound course. Seen: KIMES, KSOG, KAHA	Confirmed	Samsung has a signed training partnership with KAHA, so expect it to be strong at KAHA events. Presence at any specific event is not confirmed. For CHISON, KOL events and importers may be a better route than head to head booths.
South Korea	Diagnostics	**GE HealthCare**	Competitor	KIMES 2026 booth C200 (ultrasound, fatty liver quantification). KCR 2026 luncheon symposium. Seen: KIMES 2026, KCR 2026	Confirmed	Expect GE at KIMES and KCR 2027.
South Korea	Diagnostics	**Canon Medical Korea**	Competitor	Ran a luncheon symposium at KSUM 2026. Seen: KSUM 2026	Confirmed	KSUM sells luncheon symposium slots. This is a benchmark for CHISON.
South Korea	Diagnostics	**Philips Korea**	Competitor	Listed as a KSUM 2026 sponsor on 10times (unofficial listing). Seen: KSUM 2026	Partial	Verify on the KSUM sponsor page.
South Korea	Both	**Mindray and SonoScape**	Competitor	No Korean exhibit or distributor found for the 2026 shows searched. Seen: n/a	Gap	Check KIMES and KCR exhibitor lists directly.

Taiwan	Diagnostics	**GE HealthCare Ultrasound and Alpinion**	Competitor	Logos on the SUMROC 2026 annual meeting page, as supporters. Seen: SUMROC 2026	Confirmed (logo)	SUMROC is the ultrasound society, so supporters are the brands CHISON must match for KOL access.
Taiwan	Diagnostics	**Rotary Trading (Canon Medical agent)**	Competitor dealer	General agent for Canon Medical in Taiwan, selling Aplio i800 and Aplio me. Logo on the SUMROC 2026 page. Seen: SUMROC 2026, company site	Confirmed	Competitor dealer who actively supports the society.
Taiwan	Diagnostics	**ASUS and Daikso**	Competitor (handheld)	Showed handheld ultrasound (ASUS LU800, EchoLab) and edge AI ultrasound software at Healthcare+ Expo 2025. Seen: Healthcare+ Expo 2025	Confirmed	Local handheld rivals to SonoEye and SonoAir in Taiwan.
Taiwan	Vet	**Uni Soar, Soarmed, Eastech, Getech**	Competitor dealers	Uni Soar lists GE vet series. Soarmed lists VINNO vet ultrasound and says it exhibits at FASAVA and WSAVA. Eastech is Esaote's Taiwan agent with a vet section. Getech sells Philips animal cardiac ultrasound. Seen: Company websites	Confirmed (websites)	These dealers already handle vet ultrasound. Candidates for a second brand or benchmark pricing.
Taiwan	Both	**Mindray, Samsung, SonoScape**	Competitor	No Taiwan distributor or event presence found. Seen: n/a	Gap	Check Healthcare+ Expo 2026 exhibitor list.
Singapore	Vet	**Pretta Ultrasound**	Competitor (vet)	Exhibited at Singapore Vet 2025, stand E30, describing a focus on vet and next generation ultrasound. Seen: Singapore Vet Show 2025	Confirmed	A vet ultrasound rival exhibiting at the only Singapore vet trade show.
Singapore	Vet	**Singapore Veterinary Imaging (SVI)**	Training provider	Runs basic to advanced vet ultrasound courses with Temasek Polytechnic, supported by the Singapore Veterinary Association. Seen: SVA site	Confirmed	A route to put CHISON scanners in front of Singapore vets.
Singapore	Both	**Mindray, SonoScape, Samsung, Philips, GE**	Competitors	No event specific exhibitor list found for SGCR, SHBC or Medical Fair Asia 2026. The only ultrasound related exhibitor found at Medical Fair Asia 2026 was iTD (not a rival). Seen: n/a	Gap	Request exhibitor lists from SGCR WIRES and SHBC organisers.

Just before the window (for awareness, not counted)

- **31 Oct to 1 Nov 2026.** SUMROC Annual Meeting and 8th Asia Pacific Forum, Taipei International Convention Center.
